3. Minutes of Meeting for October 19, 2023 – Minutes were reviewed by all members. Kenny Barrios motioned to approve the minutes and seconded by Tonya Williams. All approved, motion carried.

5. Central – Mrs. Gonzales reported tutorial services with students are taking place before and after school for students in need of extra support apart from the current deployment and intervention services during the school day. Approximately 5 teachers are currently offering services for their students during these times.

Stratford – Mrs. Gonzales reported Tier 2/3 level interventions are taking place during the school day and that the majority of staff are providing intervention services during the day as well as during after school.

Lemoore High School – attendance data and behavior and grades to get into targeted Interventions. During the 1st grading period (8/16 to 10/22) eligibility rates are being review and working with students who need assistance during the school day. Currently, the Native American student population is at 95% attendance rate.

Discussion took place regarding attendance and students missing entire periods being counted against them for the whole day. Clarification was provided regarding the policies for missing one period, missing the entire day and impacts on participation for graduation.

The following was explained to the IEC:

- Total of 126 periods A tardy counts into the 126 periods that are accounted for to be eligible for graduation. Absences can be made up but not the tardy.
- Saturday school – fills up very fast. Limit up to 30 students to attend and is very difficult for others to get in that want to get in. Sat school doesn't clear a tardy, just absences
- Summer school is another option to clear up absences so students may stay eligible for graduation participation.

Lastly, Mrs. ?????? presented possible resources at the campus which are offered to students to assist them in staying eligible for graduation during the school year.

Jamison-Mrs. ????? reported staff has been evaluating CASSP scores, building intensive EL tiered class services, are dispersing students based on data from essential standards and CFA's. She also reported staff is working providing students differentiated instruction and supports for English and Math. Continue to teach expectations via ROAR.

Current funding is being used to purchase books and is used as a part of tiered intervention and select titles with adult supervision. It is also being used to support parent involvement and training efforts at Central to assist with direct services and extra tutoring for students.

10. Student Parent Compact form -Dr. Sidhu reported both Central and Stratford schools use these agreements and signed at parent conferences. She reminded the IE that the agreement includes the parent, teacher and student.
